

## **SUBSCRIPTION TERMS**

1. The subscription renews automatically at the end of each period (each week, month, 6 months, year, or otherwise) until you cancel.
2. Payment will be charged to your iTunes & App Store/Apple ID account ("Account") at confirmation of purchase (after you accept by Touch ID, Face ID, or otherwise the subscription terms on the pop-up screen provided by Apple).
3. To avoid being charged, cancel the subscription in your Account settings at least 24 hours before the current subscription period.
4. You alone can manage your subscriptions. Learn more about managing subscriptions (and how to cancel them) on Apple support page. Note that deleting the app does not cancel your subscriptions.
5. If you purchased a subscription through the Apple App Store and are eligible for a refund, you'll have to request it directly from Apple. To request a refund, follow these instructions from the Apple support page.
